7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

National Voters' Day

In order to encourage more young voters to take part in the political process, our college celebrates January 25 every year as "National Voters' Day". The new voters, who have attained the age of 18 years, were showing less interest in getting enrolled in the electoral rolls. In order to effectively deal with this problem, the college celebrates this day. This initiative is expected to give the youth a sense of empowerment, pride and inspire them to exercise their right to vote. The motive 'No Voter to be left behind' slogan has been coined to further emphasize the

focus on inclusiveness. The greatest joy is seen in young voters of college.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice I

Adoption of two villages through NCC and NSS volunteers

Objectives:

- To render service to the larger community by creating and sustaining a culture of cooperative living for inclusive and sustainable development.
- To empower marginalized and vulnerable groups in the village.

The Practice: Two villages (Begumpur and Saloh) had been adopted and inhabitants of the villages were made aware of cleanliness, gender sensitization, use of eco bricks to keep home and surroundings plastic free. Illiterate villagers are taught to put signatures on the documents instead of using thumb impression.

Problems Encountered & Resources Required: Compromising situation due to insufficient financial assistance is hurdle in solving the problems of villages.

Best Practice-II

Tree plantation

Objective:

- Reducing the impacts of air pollution
- Natural noise barrier

- Arrest of land erosion
- Providing much needed shade during the day time

The Practice:

About 1000 fruit and shady plants are planted in different locations. Three pits of two ton capacity each of generating vermin- composting manure from wet waste and tree leaves are constructed and are in use.

Problems Encountered and Resources Required: The only problem in the implementation of this very practice is the arrangement of funds.

7.3.2 - Plan of action for the next academic year

The alumni association of the college will be registered in the next year. Well furnished room with a seating capacity of around fifty will serve as a centralized meeting area to conduct guest lectures, meetings, interactions etc. It will also serve as an Activity room for Youth Services Club which is the most active club of the college. The workshops, competitions etc. are proposed to be undertaken from this room. All the activities pertaining to the society will also be undertaken by the students in this room only. Plastic-free Campus- Plastic is a common commodity which is essential in our daily lives. Bakelite, nylon and rubber are some examples of synthetic plastics. Almost everything is made of plastic. Plastic-chemicals mix with food stuffs, which we subsequently consume and enter our food chain, which results in bio-accumulation and bio-magnification, a real cause of various forms of cancer. Plastics are non-biodegradable solids. When we burn, they release some toxic fumes into the air which cause ozone depletion and when chemicals are released in water it results in water pollution. It is time that each of us should understand the seriousness of this issue and stop using plastic items. In order to "Beat Plastic Pollution", we will sensitize our students and encourage them to adopt the three Rs (Reduce, Reuse and Recycle) to cut down the quantity of plastic waste to protect our environment and help in eco-restoration, hence making campus a plastic free zone.
